Prez Sez

August 14, 2011 we had our Second Float Fly of the year at Horseshoe Lake. We all had a great time. We haven't set a date for our next float fly but will let you know when we will have it.

We are having some excellent weather and our field is in great shape (thanks Pierre) so take advantage of it. Before you know it, snow will be on the ground. In the next 4 to 6 weeks we will have some of the best flying weather of the year so hope to see you at field.

Speaking of the field, let's keep our field in excellent condition. If you smoke, lets field strip those cigarettes and put the candy wrappers in the waste container.

See you at the next meeting (9/8/11), and bring something to fly.

Paul (The R/C Nut)

From the Web Master

Greetings! I have been away for a couple of weeks and out of touch with the happenings in the club. I will be away for a couple of weeks this month also. Therefore, I do not have any way to keep the website up to date from my personal observations. I need input from members and officers if any new information is to be added to the website. I will have access to the web so if there is anything that anyone wants to put on the web, email me and I will put it up from where ever we are.

Thanks,
John

Meeting Schedule
