### Prez Sez

I don't know if you heard but all the meetings (5/10/12 thru 10/11/12) will be held out at the flying field. November 8, 2012 we will meet at Mark Twain Hobby Shop unless we find a larger place to meet. However, the number of members that have been attending, the meeting room at the hobby shop is large enough. And no, I didn't miss the April meeting. As I'm sure if you read the minutes of the last meeting we voted to not have a meeting this April because of the Toledo Show. Out of the 10 attending I think 5 or 6 are going to Toledo this year and it would be a little foolish to have a meeting for 4 or 5 members. I sure hope at the May meeting we will have a little better showing, like let's try for at least 20 members.

Remember, in case it would be raining, we do have a pavilion at the field and should be able to keep dry.

Speaking of rain we might be getting our share of it so be careful if you come out to fly, first check out the field before you drive on it. We don't want to make a bunch of ruts. Right now, our field really looks great, thanks to Pierre.

Again, if you have never gone to the Toledo R/C Show you're really missing a great trip. You need to go at least once in your hobby lifetime.

At the next meeting be sure to bring something to fly. Let's keep our fingers crossed and hope it will be great weather that afternoon.

See you at the next meeting (5/10/11), and lots of good landings.

Paul (The R/C Nut)

# Meeting Schedule

Meeting Dates: 2012: **Apr (cancelled)**, May 10, Jun 14, Jul 12, Aug 9, Sep 13, Oct 11, Nov 8, Dec 13

Meeting Time: 7 to 9 pm

## **SHOW AND TELL**

**(None)**

**Show and tell is a member participation function of the club. Without member participation, there just isn't anything to show and nothing at all to tell.**

**From the Webmaster:** I have finally added a password to the roster section of the newsletter and added the rosters back to the website. I gave out the user name and Password in the notification that it was available. If you do not have that notification, you can ask me any time. I am not sending them out on a routine basis in general publications as that would defeat the object of having password protection.

John
