### Prez Sez

We had quite a turnout at the last meeting and, did we have a lot of fun. We kept the business part of the meeting to a minimum. Two of our new members (Darren and Emanuel Morris) had new airplanes and one of our professional pilots (Richard Jenkins) test flew their new models and trimmed them out. They got quite a bit of time on the sticks.

They were so excited and we, along with them, were too. Man, what an exciting and fun time we all had. One other thing, these two members added a lot to the meeting by not being shy to ask a lot of questions. Most of the other members chimed in and asked even more questions which made for a very educational meeting.

Since I've been a member of this club this has been the hottest summer that I can remember. When it's this hot it's hard to have fun, so to beat the heat come out early and fly your electrics. Hope to see you at the next meeting (Aug 9<sup>th</sup>), and join in on the fun.

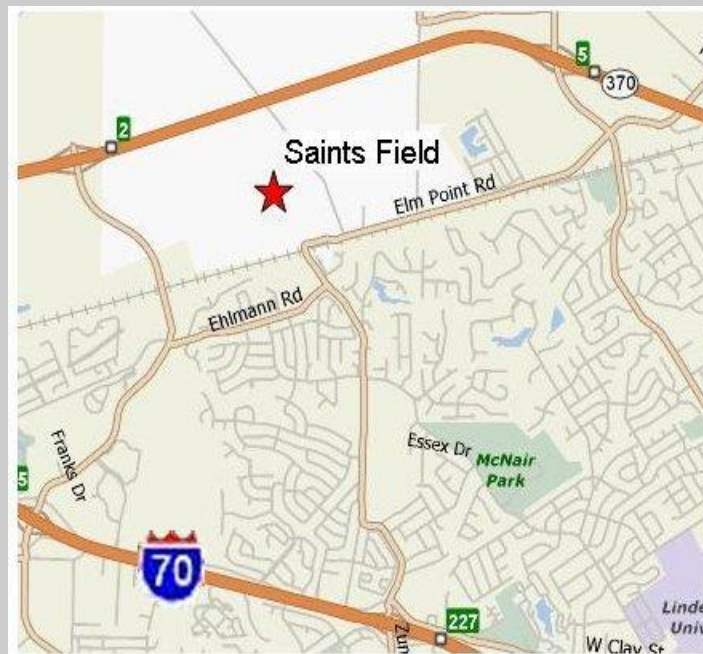

Paul (The R/C Nut)

### Meeting Schedule

**Meeting Dates: 2012: Aug 9, Sep 13, Oct 11, Nov 8, And Dec 13**

**Meeting Time: 7 to 9 pm**

**Meeting Location: July thru Oct meetings are scheduled to be held at the flying field.**

## Meeting Minutes

Meeting called to order July 12th at 7:11 pm by president Paul Trendley.

Roll Call: 16 members present plus 2 new members.

Field report: no report. Treasures report: no report.

Secretary report: motion to accept secretary report as printed in the newsletter, membership aye.

Safety report: (Bob sent this in after the meeting.) Saints members, Hi.....Been fortunate to be able to fly several times during the week, that's a plus.

I have seen one pilot flying in the proper area (pilot blocks) and another taking off and flying standing 20 feet behind the first pilot. This is a Safety Violation to stand behind another pilot. If another member is flying please take your plane onto the field and call out ON THE FIELD. Safety and courtesy. Thanks ...your handsome safety officer. Bob Ponte

Old business: none. New business: none.

Show and tell: Darren Morris is building a Goldberg Mirage 550, wingspan, 54 inches. Clay Lincoln brought a Water Board by Stevens Aero.

John Bouchillon gave a talk on an incident that happened to him. His sailplane planted itself in the field and before he could get to it the LiPo battery began to smoke and melted the wings off the fuse.

50/50: Emanuel Morris. Attendance prize: Mark Gunn and Rich Jenkins.

Motion to adjourn: membership aye

## SHOW AND TELL

### Clay Lincoln with his Water Board Boat

### **News from the area.**

The following news from the area may be interesting to members. Details are on our website.

Pekin RC Club Big Bird Fly In Sept. 16,2012
