

Airplane Cleaner:

Original formula furnished by Bob Buss.

5 cups water

1/2 cup of ammonia

1 cup rubbing alcohol

1 oz. of DAWN dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Dawn seems to be the best dish detergent and it cuts through all the oil. It doesn't leave a residue on the plane.
