### Prez Sez

We've had some beautiful weather at the flying field. We better take advantage of it because we may only have 3 or 4 weeks left of it.

Again, our field is in great shape (thanks Pierre) so take advantage of it. I'm not sure everyone is aware of this, but when you crash a plane, please take the remnants home with you. When you put it in the trash you are putting a lot of items that can pierce the plastic bag which can cause leaks which can make a real mess in the Field Monitor's car or truck, so PLEASE take it home with you.

Also, I'd like to remind those of you who still smoke to field strip those cigarettes. One other thing, if you are the last one to leave the field and lock the gate, be sure to run the numbers on the lock so the combination isn't showing.

I talked to Dennis at Mark Twain Hobbies and we are set up to use his meeting room at the hobby shop till next summer.

See you at the next meeting (10/13/11), and bring something for show and tell.

Paul (The R/C Nut)

## Requests from the Field Committee

1. Please avoid putting any left over food items in the trash barrel. This attracts racoons and other animals.
2. If you have to move the picnic benches, please put them back where they were.
3. Place cigarette butts in the butt can.
4. Please do not run engines next to the pavilion. Engines are to be run in the pit area according to our safety rules.
5. Put all recyclables in the red bucket. (cans, plastic, glass)

Thanks: Field Committee
